

# R Jaswanth

## EDUCATION

Takshashila University  
Ongur, Tamil Nadu  
B. Tech in CSE AI&ML  
GPA 8.0

## OBJECTIVE

Aspiring software engineer with a strong academic foundation in computer science, passionate about developing innovative and efficient software solutions. Seeking an opportunity to apply my technical skills, learn from experienced professionals, and contribute to real-world projects in a collaborative team environment.

As a recent graduate with a strong background in CSE coursework, programming, and problem-solving, I am eager to begin my career in software development. While I do not yet have formal industry experience, I have actively participated in academic projects, coding challenges, and self-driven learning. These experiences have allowed me to build a solid understanding of software engineering principles, data structures, algorithms, and web development. I am enthusiastic about contributing to meaningful projects and continuously improving as a developer.

## REFERENCES

Available upon request

## FUNCTIONAL SKILLS

Programming (Python, Java, C++)  
Web Development (HTML, CSS, JavaScript, React)  
Data Structures and Algorithms  
Database Management (MySQL, Firebase)  
Communication  
Problem-solving  
Team Collaboration

## PROJECTS

- **AI Career Path Advisor** – Built a web application using React and Firebase that suggests career paths to students based on their interests using AI integration.
- **Student Attendance System** – Developed a digital attendance tracking tool using Python and MySQL.
